

Positives

Foot patrols were fairly successful and they worked

Past issues at Dolphins Barn were dealt with and have improved

DCC initiatives about the waterway are really good and much can be developed

Interaction with the guards has been very positive

Probation service - is that still active?

DCC greening the area eg. Rialto Park is good to see having been done

Conservation Ireland & OPW worked on the canals years ago - could we do that again?

Addiction and anti-social issues - could there be a different approach to the short sharp shock? eg. engaging drugs workers, people interested in buddying system

Shopfront improvements in Dolphins Barn

Concerns

**Antisocial
behaviour and
drug-taking
out in the
open**

**Planters in the
greening
process are
taking up
parking
spaces**

**LUAS is
dangerous
and
intimidating**

**Racial abuse
is very
concerning**

**Inadequate
lighting in the
park**

**Dumping
of used
cars in the
streets**

**Question
around scale
or density of
Dolphin
House
development**
